

# Magda Balun

Programming is my passion, that's why I decided to change my professional life by 360 degrees and realize this dream. I love learning new things, learning about new technologies, and in coding I know I still have a lot of learning in front of me, which I'm very happy about.

Portfolio

## Work experience

**EKOMETRIA SP. Z O.O.**  
07.2005 - till today  
specialist in environmental protection

Mathematical modeling of the spread of pollutants in the air, design of air protection programs, application of Geographic Information Systems (GIS)

## Education

**GDANSK UNIVERSITY OF TECHNOLOGY**  
1998 - 2004  
*Master of Science*

Chemical department,  
Field of study: Environmental Protection,  
specialization: Monitoring and Analysis of Environmental Pollutants

## Courses

**BOOTCAMP WEB DEVELOPER**  
10.2017 - 03.2018

Kodilla - Codemy S.A.  
Passing an intensive 6-month course with the following languages and technologies: HTML5, CSS3, RWD, Bootstrap, Sass, Git, jQuery, AJAX, JavaScript ES6, Node, React, Express, Redux, MongoDB, MERN

## Skills

- ❖ Creating websites and web applications using the following programming languages and technologies: JavaScript (basics of ReactJS, Redux, jQuery, Node), HTML5, CSS3, Twitter Bootstrap, RWD, Sass, AJAX, ES6, ExpressJS, MERN;
- ❖ Application of the GIT version control system;
- ❖ Automation and optimization of the project using NPM and Webpack;
- ❖ Application testing using Mocha and Jest;
- ❖ Basics knowledge of C#;
- ❖ Knowledge of VisualStudio tools, SublimeText3

## Foreign Languages

English B2

## Personal interests

Programming, learning new technologies

Kitesurfing

Recently, science fiction cinema
